<p>Program Description (written by Provider)</p> <p>Bright Sky Learning provides evidence and research-based reading and math instruction to students in grades K through 12. Language Arts instruction is done through the Smart Way Reading and Spelling®, Phonics interactive Education™ and Comprehension And Reading Enrichment™ programs. Math programs include MathLine® and the Key Curriculum® series. Students receive the exact instruction they need based on initial testing results. As well, the Bright Sky Learning™ small-group format is structured so that students who do require additional assistance may receive the individual tutoring they may need. All materials are provided. At Bright Sky Learning there are: No Games. No Gimmicks. Just Results!™</p>	
<p>Evidence of Effectiveness (written by Provider)</p> <p>Bright Sky Learning has provided Supplemental Educational Services (SES) for the past three years, serving K-12 students in over 30 school districts in nine states. Independent research has shown that students gained approximately 1.5 grades in reading skills in 20 hours of tutoring instruction. Our own research has shown that students in the math program have gained, on average, 1.35 grade levels with 15 tutoring hours.</p>
